Semester: \$450, \$530 with aerial, includes class tuition and uniform fee.

Clothing needs: ballet clothing, ballet shoes, jazz shoes, pointe shoes for all classes.

2018 FALL MPDC CLASSES

Payment Information:

All students will be invoiced for the entire semester upon receipt of registration but have the option of paying monthly or for the semester in full. (Invoicing this way just eliminates time on my part of having to invoice every month but may alarm dance families if you receive a statement and see your total. This total will dwindle down each month as monthly payments are applied over the semester.)

Uniform fee:

\$50/year. Students will be given a studio t-shirt and their class clothing within the first few weeks of classes once we get measurements taken. Until then, they can wear their own dance clothing or a tank and shorts to classes.

The \$50 uniform fee can be paid in full with the semester, paid in full with the first months fees or broken up over the 4 months, adding 12.50 to each months tuition.

Second semester will include 6 months of classes and our performance fee (\$70) for the Spring performance. This fee helps with set, will cover all costumes for your dancer, a performance shirt, performance photos from Stuarts Photography and access to the performance recording. This fee can be worked into monthly tuition (add 11.66 per month) to make it easier or paid in full at anytime.

Monthly tuition payments are due at the first class of the month. I rarely have the time to keep track of late payments so please just communicate with me if you need a little extra time with payments. We are a pretty tight dance community and I am fine to work with my dance families as long as the communication is there and the company can financially allow it. Please try not to get to far behind though, we keep our student load low and do have to make sure things can run as they need to:)

Payments are appreciated by check (no credit card or paypal fees are lost this way) or can be paid on our website. You will notice our website has \$1-\$2 added to all costs to account for paypal fees. You can also Venmo me through the username Mecinna, please label the payment as "dance classes."
